

Linewize Classwize

Give classroom control back to the teachers.

About Classwize

Classwize equips school staff with granular controls designed to protect students from digital distractions, harmful content, and inappropriate activity.

Guide your students' academic journeys with real-time visibility, detailed user reports, and collaborative classroom tools.

Classwize features & benefits

Minimize distractions, maximize learning:

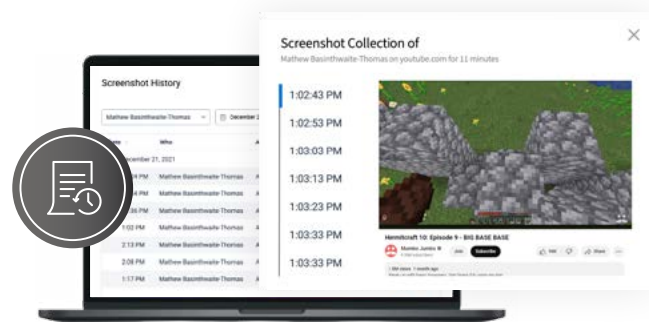

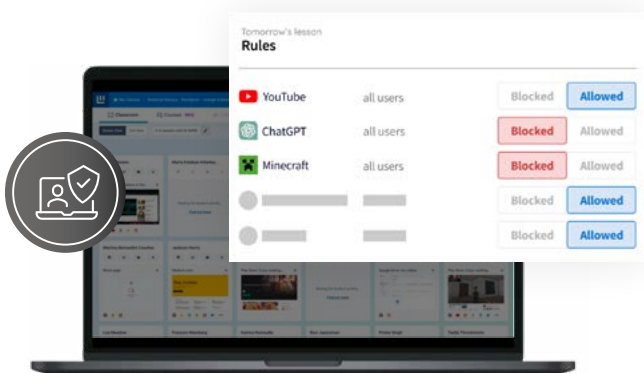

- ✓ **Guide classes with focus sessions**
Focus students on lesson-related content by pre-selecting specific apps and sites.
- ✓ **Launch breakout sessions**
Create classroom sessions on-the-fly. This is ideal for in-class breakout groups, student club meetings, study halls, exams, and more.
- ✓ **Manage YouTube distractions**
Eliminate exposure to potentially inappropriate comments, related videos, and ads on YouTube.

Classwize features & benefits

Encourage positive behavior:

- ✓ **Give full visibility in real-time**
The Teacher Dashboard equips teachers with full-screen visibility on Chromebooks, Windows, and Mac devices. Spot inappropriate or off-task behavior and redirect focus as needed.
- ✓ **Support self-moderation**
Give students recognition for good classroom behavior. Reward them with temporary access to incentive content like games or streaming sites.
- ✓ **Personalized teacher rules**
Block student access to specific sites or allow access to sites that are otherwise restricted — without overriding key filter policies.

Keep students on track:

- ✓ **Robust reporting**
Gain insight into students' online behavior. View screenshots of classroom activity, generate, detailed student history reports, and more.
- ✓ **Pause the internet**
Manage internet browsing with a single click. Pause the internet for individual students, groups, or the entire class.
- ✓ **Dynamic student communication**
Connect with individual students, groups, or the entire class tool to provide immediate feedback without disruptions.

Support professional development:

- ✓ **Access tailored resources**
Stay ahead of trends with live parent and staff webinars. Your co-branded Online Safety Hub features digital safety guides, app & game reviews, and in-depth articles.
- ✓ **Engage parents with resources**
Support your parent community with your Hub, developed in-house by our global team of digital wellbeing experts, so you can give parents the most current online safety information.
- ✓ **Promote digital citizenship**
Teach students media literacy skills with Linewize Courses, a series of engaging interactive lesson plans.
